

Fibroscan Prep

READ ALL INSTRUCTIONS A WEEK BEFORE YOUR PROCEDURE

If you have questions, please call our office

@ 303-788-8888 or visit www.southdenvergi.com.

The Fibroscan examination is painless, quick and easy, usually taking 15-30 minutes.

A non-invasive probe is placed on your right rib cage. During the scan, you will only feel a slight vibration/thump on the skin.
