

RN CHARGE

Our endoscopy center is looking for a Full Time Charge RN to join a fantastic team of Doctors, RN's and support staff. Under general direction from Center Director, the Charge Nurse provides professional nursing care through assessment, planning, treatment and evaluation of the patient. The registered nurse is responsible for delivering safe, knowledgeable, compassionate, educative and individualized nursing care to patients and families. If there is a non-clinical Center Director in place, then nursing services is under the general direction of Director of Nursing (DON).

Required Skills:

1. Holds current RN license from the applicable authority.
2. Current certification in BLS, and ALS
3. A positive demeanor with the ability to remain calm and delegate duties during busy times and emergency situations.
4. Leadership experience preferred

Required Experience:

1. Three years clinical experience in the peri-operative setting or procedure healthcare including demonstrated knowledge of sterile technique, working with anesthetized patients, and other clinical situations found in a surgical or procedural setting.
2. Must possess a working knowledge of the legal and regulatory environment impacting ASC's, and the applicable standards of the AAAHC, The Joint Commission, and other regulatory bodies for ambulatory surgery centers.
3. Demonstrated ability to work collaboratively with physicians and all medical professionals.
